PROFILE

Detail-oriented and adaptable professional transitioning into **AI-Native Full-Stack Development**, combining hands-on software development training with experience in customer experience, logistics coordination, research data monitoring, and AI data operations. Currently focused on **Go backend engineering**, RESTful APIs, authentication, modern frontend development, and **Python-based data workflows**. Brings strong communication, analytical thinking, precision, and a proven commitment to quality.

TECHNICAL TRAINING & AI OPERATIONS

AI-Native Full-Stack Developer Trainee

February 2026 – Present

- Engineering performant backend services, modular REST endpoints, and authentication workflows utilizing **Go**.
- Developing interactive, component-driven client applications and integrating frontend interfaces.
- Scripting data-handling routines and learning AI-native development workflows using **Python**.

AI Data & Video Annotation Specialist

Project-Based

- Performed precise temporal and spatial video annotation using **Atlas Capture** to support computer vision model training.
- Verified dataset accuracy, object-tracking continuity, and classification labels across multi-frame sequences.

CORE SKILLS

GO / BACKEND

Go (Golang) | REST APIs | Authentication | Backend Architecture

AI DATA

Video Annotation | Bounding Boxes | Keypoints | Object Tracking | Dataset QA

LOGISTICS

Customer Coordination | Route Instructions | Dispatch Coordination | Delivery Scheduling

TOOLS

Git | GitHub | Microsoft Office Suite | Atlas Capture

PROFESSIONAL

Customer Experience | Research | Problem-Solving | Communication | Records Management

LANGUAGES

English (Proficient) | Yoruba | Idoma | Igbo | Hausa (Working Proficiency)

PROFESSIONAL EXPERIENCE

Customer Relationship Officer / Dispatch
Carolina Logistics (Remote) — May 2023 – August 2024

- Coordinated with customers to ensure smooth and efficient delivery operations from dispatch through completion.
- Provided drivers with precise logistics and route instructions to support accurate, timely, and efficient deliveries.
- Coordinated delivery schedules and communicated timing updates to help keep customers and drivers aligned.

Customer Service Representative
ISON Xperiences (MTN Process) — July 2018 – February 2021

- Delivered end-to-end customer support, resolving inquiries while meeting and exceeding key performance indicators.
- Managed issue escalations, maintained detailed CRM records, and upheld high call-quality standards.

Independent Field Monitor
World Health Organization (WHO) — March 2017 – May 2017

- Audited the 2017 National Immunization Plus Days (NIPDs) across Ilorin South LGA against operational field standards.
- Verified data-entry integrity and reported real-time coverage statistics to district supervisors.

Assistant Guidance Counsellor & Teacher
Eucharistic Model College, Kwara State — September 2014 – November 2014

- Provided foundational career counselling and personal development guidance to students.

EDUCATION & CERTIFICATIONS

Bachelor of Education (B.Ed.) in Counsellor Education
University of Ilorin, Kwara State
October 2011 – June 2015

- **Developing Corporate Behaviour** — March 2019
- **How May I Serve You? Training Certification** — June 2018
- **TRCN** — July 2016
- **NYSC Discharge Certificate** — November 2016

LEADERSHIP & VOLUNTEERING

- Inducted Member, Nigeria Federation of Catholic Students (NFCS) Alumni Association
- Member, Catholic Youth Organization of Nigeria (CYON)
